B2B ELECTRONIC COMPONENT SUPPLIER · DUBAI, UAE

Electronic Components for Manufacturers Worldwide

Integrated circuits, semiconductors, passive components, connectors, sensors and industrial electronic components — for manufacturers, distributors and professional buyers.

B2B and bulk orders

Multi-brand components

Production & maintenance supply

International delivery

Dedicated sales support

ABOUT A&K TECHPARTS

Your B2B electronic component supply partner

A&K TECHPARTS is the electronic component supply division of A&K Worldwide Enterprises FZCO, a Free Zone Company registered in Dubai, United Arab Emirates.

We support manufacturers, distributors, engineering teams, maintenance companies and industrial buyers with quotations for integrated circuits, semiconductors, passive components, connectors, sensors and other electronic components.

Customers may submit individual part numbers, bulk requirements, recurring purchasing needs or a complete Bill of Materials. Each commercial quotation is prepared according to the required manufacturer, exact part number, quantity, packaging, documentation and delivery destination.

Why buyers work with us

- ✓ Broad range of electronic component categories
- ✓ Supply of single-line and multi-line orders
- ✓ Bulk and production quantities
- ✓ Support for recurring purchasing requirements
- ✓ Clear commercial quotations
- ✓ Manufacturer and packaging details confirmed per order
- ✓ International delivery
- ✓ Dedicated B2B sales contact
- ✓ BOM upload and multi-part quotations
- ✓ WhatsApp and email enquiry options

WHO WE SUPPLY

Manufacturers

**Distributors &
importers**

Engineering teams

**Maintenance
companies**

Industrial buyers

Commercial orders are quoted individually to confirm accurate availability, manufacturer, packaging and delivery terms.

PRODUCT RANGE

Electronic components we supply

Request availability and commercial pricing by part number, manufacturer, package and required quantity.

Integrated Circuits

Analogue, logic, interface, power-management and mixed-signal ICs for production, maintenance and distribution requirements.

[18 PART NUMBERS IN CATALOGUE](#)

Microcontrollers

8-bit to 32-bit MCUs and application processors supplied for series production, pilot builds and equipment maintenance.

[13 PART NUMBERS IN CATALOGUE](#)

Memory Components

DDR, SDRAM, NAND, NOR, EEPROM, SRAM and eMMC devices supplied by density, speed grade and package.

[10 PART NUMBERS IN CATALOGUE](#)

Power Management ICs

LDOs, switching regulators, controllers, gate drivers and battery-management devices for power stages and industrial boards.

[13 PART NUMBERS IN CATALOGUE](#)

MOSFETs

N- and P-channel devices supplied by voltage, current rating and package, in reel and tray quantities.

[10 PART NUMBERS IN CATALOGUE](#)

Transistors

Bipolar and small-signal devices for switching and amplification, supplied in production quantities.

[7 PART NUMBERS IN CATALOGUE](#)

Diodes and Rectifiers

Schottky, switching and Zener diodes, bridge rectifiers and discrete arrays for power and signal circuits.

[8 PART NUMBERS IN CATALOGUE](#)

Capacitors

MLCC, film, aluminium electrolytic and polymer types by value, tolerance, voltage and size code.

[10 PART NUMBERS IN CATALOGUE](#)

Resistors

Thick-film, thin-film and current-sense resistors in full-reel quantities for series assembly lines.

[7 PART NUMBERS IN CATALOGUE](#)

Inductors

Power and RF inductors, ferrite beads and common-mode chokes by inductance, current rating and size.

[4 PART NUMBERS IN CATALOGUE](#)

Filters

EMI, RF and signal filters by frequency range, attenuation and mounting method.

[3 PART NUMBERS IN CATALOGUE](#)

Connectors

Board-to-board, wire-to-board, circular and RF connectors, including mating halves and loose contacts.

[11 PART NUMBERS IN CATALOGUE](#)

Sensors

Temperature, pressure, current, inertial and optical sensors by measuring range and output interface.

[10 PART NUMBERS IN CATALOGUE](#)

Relays

Electromechanical and solid-state relays by coil voltage, contact rating and mounting style.

[6 PART NUMBERS IN CATALOGUE](#)

Power Modules

DC-DC converters, IGBT modules and power stages for industrial, drive and energy applications.

[6 PART NUMBERS IN CATALOGUE](#)

Circuit Protection

TVS diodes, varistors, fuses and holders, resettable PTC devices and gas discharge tubes.

[6 PART NUMBERS IN CATALOGUE](#)

RF and Wireless Components

Wireless modules, antennas, baluns, RF amplifiers, crystals and oscillators by frequency band.

[7 PART NUMBERS IN CATALOGUE](#)

Industrial Electronic Components

Industrial power supplies, switches, cable assemblies and spare parts for installed equipment.

[7 PART NUMBERS IN CATALOGUE](#)

The full list of 156 part numbers is in the A&K TECHPARTS Product Catalogue and at aktechparts.com. Product availability and specifications must be confirmed by exact manufacturer part number.

MANUFACTURERS

Components from leading global manufacturers

Request specific manufacturer part numbers or submit your BOM for a multi-brand quotation. Multi-brand lists are consolidated into one enquiry, one quotation and, where practical, one delivery.

Also in our catalogue: Abracon, Advanced Monolithic Systems, Allegro MicroSystems, Alpha & Omega, Bosch Sensortec, Bourns, CUI Devices, Diodes Incorporated, ECS Inc., Espressif, Fotec, HARTING, Hongfa, ISSI, KEMET, Linx Technologies, Littelfuse, MEAN WELL, Melexis, Micron, Monolithic Power Systems, NanJing Top Power, Nexperia, Nichicon, Nordic Semiconductor, Omron, Panasonic, Phoenix Contact, RECOM, Rockwell Automation, Samsung Electro-Mechanics, Schneider Electric, SEMIKRON, Semtech, Sensirion, Siemens, SiTime, TDK InvenSense, TRACO POWER, Vicor, Winbond, Würth Elektronik.

Manufacturer names and trademarks are used for product identification only. Their use does not imply an authorised distribution relationship unless expressly stated. Availability and documentation are confirmed individually during quotation.

DRONE & RC EQUIPMENT

Radio controllers and simulators for trade buyers

For drone shops, FPV retailers, system integrators and training providers. Carton and pallet quantities, Mode 1 and Mode 2 on request, receiver bundles and bare transmitters, worldwide dispatch with export documents.

RadioMaster TX12 Mark II

Radio controllers

RadioMaster Pocket

Radio controllers

FlySky FS-i6X

Radio controllers

FlySky FS-i6

Radio controllers

FlySky FS-SM001

Simulators

SUPPLY SOLUTIONS

For every type of professional buyer

Single part numbers, full production schedules or a complete BOM — each type of order is quoted on its own terms.

Production Component Supply

Electronic components supplied for scheduled manufacturing, assembly and production requirements.

Bulk Component Orders

Commercial pricing for distributors, importers, wholesalers and industrial buyers.

BOM Supply

Submit a complete Bill of Materials and receive one structured multi-line quotation.

Recurring Supply

Request pricing for monthly, quarterly or annual component requirements.

Hard-to-Find Components

Submit limited-availability part numbers for an individual product and availability review.

Obsolete and EOL Components

Request discontinued components for maintenance, repair and legacy equipment.

Alternative Components

Compatible alternatives may be proposed for technical approval when requested.

Prototype and Pilot Quantities

Component supply for product development, validation and pilot production.

INDUSTRIES WE SUPPLY

HOW TO ORDER

Send your BOM, get one complete quotation

Upload your component list and receive a commercial quotation covering available manufacturers, quantities, packaging, estimated lead times and delivery terms.

For the most accurate quotation, include

- ✓ Exact part numbers
- ✓ Preferred manufacturers
- ✓ Quantities
- ✓ Delivery country
- ✓ Documentation requirements

Your BOM is only used to prepare your quotation and is handled confidentially.

Frequently asked

Can I upload a complete BOM?

Yes. Full BOMs are checked line by line and you get one combined quotation.

Which file formats are accepted?

XLS, XLSX, CSV and PDF, up to 10 MB. You can also paste the part numbers straight into the enquiry form.

Can I request alternative components?

Yes. Tell us whether alternatives may be proposed. Any alternative is submitted for your written approval before supply.

Do you supply prototype quantities?

Yes. Prototype and pilot quantities are quoted, including availability checks before you freeze the design.

How will I receive my quotation?

By email, as a written document with per-line price, manufacturer, packaging, lead time, delivery terms and validity.

QUALITY AND ORDER DOCUMENTATION

State your requirements — they become part of the quotation

Exact manufacturer

Name the manufacturer you require, or state whether an alternative may be proposed.

Packaging type

Reel, tape and reel, tray, tube, bulk or ESD-protective packaging for pick-and-place lines.

Lot information

Batch and lot details where your process or your own customer requires them.

RoHS / REACH documentation

RoHS declarations where required; REACH declarations and SVHC information on request.

Inspection photographs

Photographs before shipment, quantity verification or a documented visual check.

Full manufacturer part number

Complete part number including package and temperature suffix.

Date-code requirements

A minimum date code or an acceptable window, if your incoming inspection sets one.

Traceability documentation

Supply chain documentation according to what the product and order allow.

Country-of-origin information

Origin details for customs classification and import documentation.

Available test documentation

Test reports where they exist for the product, agreed per order before supply.

Available documentation and inspection options depend on the product, source and agreed order conditions.

INTERNATIONAL DELIVERY

We deliver to business addresses worldwide

- European Union
- United Kingdom
- Switzerland & Norway
- Middle East & GCC
- Türkiye
- North Africa
- Sub-Saharan Africa
- South & Southeast Asia
- East Asia
- Central Asia
- North America
- Latin America
- Australia & New Zealand
- Eastern Europe
- Other destinations on request

Incoterms stated on the quotation · export packaging · commercial invoice · packing list · customs documentation according to the shipment. Shipment origin, transport method and Incoterms are confirmed in the commercial quotation.

WE BUY

Sell us your surplus components

- ↕ Excess and cancelled-order stock
 - ↕ Remaining inventory after a design change
 - ↕ Obsolete and end-of-life devices
 - ↕ Full reels, part reels, trays and tubes
 - ↕ Complete lots from production line closures
- Send the list with part numbers, quantities and packaging — we make a written offer per line. Unboxing is recorded on arrival, and payment is released by bank transfer once the goods match the list.
